MURINE EYE REMEDY

For Red, Watery, Itchy Eyes, for Dandruff of the Eyelids and Granulated Eyelids, use Murine Eye Remedy.

NEW FACES IN DIVIDE EXTENSION

Two new names have been added to the directorate of the Divide Extension Mining company. This was the business that engaged a meeting of the directors last night with Zeb Kendall presiding when vacancies were filled by the election of John H. Miller, the well known business man of Hawthorne, and C. T. Stevenson, the latter representing the H. G. Humphrey interest which is said to hold the largest block of stock in the company. This fact is one element that accounts for the activity of the stock and the popularity of the Divide Extension with investors and speculators. Out at the mine J. E. Davis, superintendent, began breaking ground this morning in the shaft which is already down 150 feet. Two shifts will be employed and it is expected that the hole will be dropped at the rate of five feet a day. The company has a four-drill compressor and a 50-hp. hoist, making one of the best equipments seen on the Divide.

OFFICIAL MAP OF DIVIDE DISTRICT

To meet a popular demand for a map of the Tonopah Gold Mountain mining district, the official designation of what has now become known as the Divide district, Parker Liddell, Charles A. Liddell and A. A. Codd, assistant secretary of the Hasbrouck Mining company, have opened an office in the rooms formerly occupied by the Sprague offices on Main street where they would be pleased to consult with surveyors of the several companies actively developing in with those who have unorganized groups of claims in that territory so that they may be incorporated in the map. The firm proposes to have the map ready for delivery in the next ten days and therefore urge all persons interested to file their notes and bounds as soon as possible. There will be a wall map for the use of brokers and mine operators to hang on the wall. This will sell for \$5. A pocket folding map in three colors will be sold for \$1.00. The Liddell brothers are also prepared to engrave in general mine surveying.

UTAH MAN ARRESTED ON A STATUTORY CHARGE

Detective Sergeant H. D. Lyon, of Salt Lake, arrived today for the purpose of taking back to the Zion City a young man named D. A. Davis who is wanted on a statutory charge. Of fee and prisoner will leave tomorrow for Utah.

FIRE DEPARTMENT CALLED

At 2:30 this afternoon the fire truck was called out by smoke rising from a pile of manure around the side of the home of Clarence Bradner on Eureka street. A spark from the chimney had communicated and caused the smoke. No damage.

WOULD ABOLISH GRAND JURIES

CARSON CITY, March 5.—Abolishment of the present grand jury system is the aid of a bill introduced in the assembly by Richards of Nye. The bill seeks to repeal section eight of the grand jury law the section which directs the district judges to select grand juries. Richards says he is opposed to the grand jury because he believes it is an unnecessary adjunct to the state and county government.

Richards is the author of another bill dealing with grand juries which was put in as a precautionary measure in case the legislature should reject the abolishment bill. It provides that district judges shall impanel grand juries only when public necessity demands it.

The bill providing for four-year terms for county officials to become effective with the general election of 1920, passed the assembly without opposition last week when the bill first came up for consideration. After having been referred to the committee several times, it was killed, failing to receive a constitutional majority although a majority of those present favored it.

STRINGS OF TRUCKS GOING TO DIVIDE

Main street this morning bore the appearance of a boom mining camp. Outside the Mizpah hotel a dozen or more automobiles ranging from the humble flyover to the princely super were chugging loud ready to get under way while the roadway was filled with motor trucks of from three to fifteen capacity and down the street two huge freighting outfits of the Wittenberg company could be seen with their twelve animals each toting up the hill from the railroad yards. One fifteen truck loaded with timbers for the North Divide got too near the edge of the road and stuck in front of the New National bank. The big animal outfits carried a big engine going out to the Wedge group while the other was loaded with machinery for the Hasbrouck. When to this morning fleet were added the two ten-animal and the one eight animal string of ore teams from the Tonopah Divide there was something doing that caused Billy Otto to vow that he would never rest satisfied until he got a picture of the whole bunch in action.

LOYD GEORGE GOES BACK TO CONFERENCE

By Associated Press.
LONDON, March 5.—Lloyd George left London this morning for Paris to resume work with the peace conference delegates. American Ambassador John Davis accompanied him.

FIRST DAY OF LENT USHERED IN THIS MORNING

The solemn service of distributing ashes was observed in the Catholic church this morning as a reminder that "Dust thou art and to dust thou shalt return." For the benefit of those whose business would not permit them to attend church this morning, ashes will also be distributed this evening. During the Lenten season devotions will be held every Wednesday and Friday evening at 7:30.

FOREIGN CORPORATIONS MUST PUBLISH STATEMENT

CARSON CITY, March 5.—The Chandler bill repealing the present law which requires foreign corporations to publish an annual statement in Nevada newspapers showing the amount of business transacted by them in this state and the condition of their assets and liabilities, was defeated in the assembly. There were but few votes in favor of the bill, but it was placed on the general file again when Stannard of Mineral moved reconsideration.

BROKERS MUST GIVE BOND

Representative Marsh is the author of a bill that has been introduced in the assembly to compel stock brokers to give a fair sized bond to the state before securing a license to go into business. It is presumed this measure will prevent "juggling" with clients' money; and in event that unscrupulous brokers do so the new bill provides a come-back.

In Holland a useful gum or paste is being made from galls.

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is from Justus Wardell, Collector of Internal Revenue, San Francisco, Cal., who is collecting the Income Tax in Nevada. Collector Wardell is giving without charge every aid of his office and his enlarged field force to help the people get their payments and their returns in by March 15th.

But the Income Tax men will not pull your door-bell or your coat-tails according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure an order from the nearest Deputy Collector or the nearest bank blank form 1040-A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife, and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income
An individual must include under gross income all gains, profits and income derived from salaries, wages, or compensation for personal services of whatever kind and in whatever form paid, or from professions, occupations, business, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses; interest paid on accrued indebtedness; taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless, and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property, or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

LIBERTY BONDS TAXABLE SAYS THE COLLECTOR

Thomas J. Lynch, U. S. Internal revenue collector, wishes to correct a statement that has obtained wide publicity. This is to the effect that Liberty bonds are exempt from taxation. This is not so. The income from Liberty bonds in the form of interest up to \$5000 is exempt.

A patent has been issued for an apparatus to enable a person to play a piano and violin at the same time. Zinc fluoride is a good preservative for telegraph poles.

PERSONAL

EDDIE H. MEAD returned to Reno this morning.

C. H. DANIELS representing Hall-Lubbs company of Sacramento is visiting the trade in this city.

CHARLES HUBER, deputy mine inspector, was a passenger today for Mina where he goes to inquire into a fatal accident at the Simon mine.

JOHN H. MILLER had to leave yesterday for Hawthorne in order to attend the meeting of the county commissioners. He will return later in the week.

JOHN WILLIAMS, the veteran watchman of the Tonopah Mining company, who has been down on the coast seeking health returned to Tonopah this morning.

LEE F. HAND arrived today from joining the western and northern part of the state in the interest of the Fordson transfer for which he says there is an active demand.

R. T. ROCKFORD, commissioner of Genesee county, stopped over this morning in Tonopah on his way to Goldfield to attend the regular meeting of the county commissioners.

Mr. Rockford is engaged in the mercantile business at Silver Peak.

H. R. STURGEON, accompanied by his wife, arrived from Salt Lake City yesterday morning and will make Tonopah their permanent home. Mr. Sturgeon has accepted a position with the St. Pierre brewery having been engaged in that business in Utah.

BABY GIRL DROWNS IN A POSTHOLE

With her head caught in a post hole filled with water, little Esther Nelson, one-year-and-seven-month old child of Mr. and Mrs. Neil F. Nelson of Reno was found dead Tuesday by her parents after a frantic search. The accident happened on the Nelson ranch just west of the Reno electric light bridge on River side drive where the little one with a small wheel had been playing around in the fields.

When the lunch hour arrived and Esther did not appear her mother became worried and looked for her. She found her stuck tight in a post hole where she had apparently been fed for an hour or more. The other child was too young to realize what had happened and told the parents, so the little one drowned helpless in that position.

RILEY HOOTEN KILLED AT THE SIMON MINE

Riley Hooten was crushed to death yesterday afternoon at the Simon mine, twenty miles east of Mina. Hooten, with a crew of men was engaged during the morning in installing a big gas engine at the shaft of the mine. The work was completed about noon and the engine was started. In some manner not explained Hooten fell against the fly wheel and was crushed to death instantly. The coroner of Mineral county and an undertaker were summoned from Mina. A verdict of accident was returned.

The dead man was married and leaves a widow with one child.

MARCH WINDS MAKE DAY HARSH AND DISAGREEABLE

The high wind prevailing today is not rated as a storm by the weather bureau which classifies the disturbance as one of the regular breezes incidental to the month which is famous for its atmospheric disturbances. This morning at 10-45 the record was 41 miles and throughout the day the wind ranged in velocity from 35 to 40 miles an hour.

ATTENTION, KNIGHTS OF COLUMBUS!

At the regular meeting of Tonopah Council, No. 1160, K. of C. Thursday evening, March 6th, there will be nomination and election of officers. All members and visiting members are requested to be present.

W. M. ROACH, Secretary.

AMUSEMENTS

TWO GREAT PICTURES ON TODAY'S PROGRAM

The Great Victory, Wilson or the Kaiser? The Fall of the Hohenzollerns? A powerful play dealing with the international events which have decided the fate of the world. Will be one of the attractions at the Butte today. This great special production shows the tragic and historic events of the upheaval of nations, the great struggle and the final bloody fought victory of the allies. It shows a vivid contrast the difference between the upturning and the falling of Wilson and the Kaiser, showing a parallel of their lives, at various times and showing how and why their minds developed in diametrically opposite directions, making of one a lofty and deep thinker, the other a selfish and his country, and the other who used his intellect only for his own greed—the unscrupulous super-greedy of the world. Story history has a rare precedent which can compare to that seen in this production. Talented stage and screen actors—known to all persons—will play the parts of the Kaiser, the other picture on the program is "The Son of Dr. Faustus" the life of Faustus. This is a dramatic story will want to see tomorrow. Matinee Normal, 2:30, 7:30, 9:30.

The Tenthousand number of the Bonanza 100 Bulletin is devoted largely to a story on the stage "The Son of Dr. Faustus" illustrated with numerous old time scenes, portraits taken from historical centers. Among these is a half tone description as "An old stage coach in its final glory" the junk pile. It's a rare of early transportation to Nevada's famous desert camps. The picture will be recognized instantly by residents of Tonopah as photographed at the old Bonanza lower Main street where the famous coach was behind a barricade of old shoes and machinery scraps. One of the scenes is taken on the road to Manhattan showing the Belmont mill.
